

Council Meeting of
July 24, 2012

Honorable Mayor and Members
of the City Council
City Hall
Torrance, California

Members of the Council:

SUBJECT: Public Works – Authorize purchase order for ready mix concrete and slurry mix. Expenditure: Not to exceed \$780,000.

RECOMMENDATION

Recommendation of the Public Works Director that City Council authorize a purchase order with Logans Marketing of San Diego, CA in an amount not to exceed \$260,000 annually for a total not to exceed amount of \$780,000, for ready mix concrete Class "A", Class "C" and slurry mix (B2012-18), on an as needed basis for a three (3) year period from August 13, 2012 to August 12, 2015.

Funding

Funding is available in the Public Works Department's 2012-2013 Operating Budget. It is anticipated that funding will be available in subsequent years, however the Bid document informed bidders that the City is not obligated if funds are not allocated and available in subsequent years.

BACKGROUND/ANALYSIS

Ready mix concrete and slurry mix (cement and sand mixture) are used by the Operations Division of the Public Works Department on an on-going basis for various street, curb and sidewalk repair projects. In addition, another Public Works division may also utilize this purchase order for their concrete and slurry mix needs. It is essential for the efficient operation of the Public Works Department to have a readily available source for ready-mix concrete and slurry mix.

On July 12, 2012, formal bids were opened for the City's requirement of ready mix concrete and slurry mix. Two (2) responses were received as follows:
