

Council Meeting of
November 06, 2012

Honorable Mayor and Members
of the City Council
City Hall
Torrance, California

Members of the Council:

SUBJECT: Public Works – Approve agreement amendment for inspection services of the Torrance Centennial Plaza. Expenditure: \$5,168

RECOMMENDATION

Recommendation of the Public Works Director that City Council approve an amendment to consulting services agreement with AndersonPenna Partners, Inc. (C2012-075) in the amount of \$5,168 for a new contract total of \$17,168 to provide additional construction inspection services for the Torrance Centennial Plaza, FEAP #739.

Funding

Funding is available from the Torrance Centennial Plaza, FEAP 739.

BACKGROUND AND ANALYSIS

The Torrance Centennial Plaza was completed in the historic downtown El Prado Park on September 14, 2012. AndersonPenna Partners, Inc. provided inspection services for the construction of the plaza over a period of 40 working days. Due to the contractor performing extra work, 9 ½ additional days were added to their contract and as such, additional inspection was needed during this time to oversee the contractor's work. The extra work that was performed was additional grading and soil removal, additional sod placement, sealing of the bricks, and relocation of the water backflow device. Full time inspection during the remaining 9 ½ days, at AndersonPenna Partners, Inc. fee of \$68 per hour, totaled \$5,168.

The extra work was performed and additional inspection services were rendered prior to bringing this item to Council due to the critical timeline for the dedication of the Centennial Plaza on September 16, 2012. Accordingly, before staff authorized AndersonPenna Partners, Inc. to perform the additional inspection services, it was determined that the additional funds needed for the proposed extra work were available from the Torrance Centennial Plaza Fund, FEAP 739.

Current contracts with AndersonPenna Partners total \$857,900.00, of which \$12,000 is for the Centennial Plaza inspection. Because the cumulative total of the existing contracts with Anderson Penna Partners plus the amended amount in this contract within this fiscal year exceeds the City Manager's spending authority of up to \$39,999, approval to amend the contract is requested in the amount of \$5,168 for a total amount not to exceed \$17,168. Funding is available from the Torrance Centennial Plaza, FEAP 739. There are no other changes proposed to the Agreement.

Respectfully submitted,

Attachment: Consulting Services Agreement C2012-075

CONSULTING SERVICES AGREEMENT

This CONSULTING SERVICES AGREEMENT ("Agreement") is made and entered into as of June 19, 2012 (the "Effective Date"), by and between the CITY OF TORRANCE, a municipal corporation ("CITY"), and AndersonPenna Partners, Inc., a California corporation ("CONSULTANT").

RECITALS:

- A. CITY wishes to retain the services of an experienced and qualified CONSULTANT to inspect the construction of the Torrance Centennial Plaza, FEAP 739.
- B. CONSULTANT represents that it is qualified to perform those services.

AGREEMENT:

1. SERVICES TO BE PERFORMED BY CONSULTANT

CONSULTANT will provide the services listed in the Scope of Services attached as Exhibit A. CONSULTANT warrants that all work and services set forth in the Scope of Services will be performed in a competent, professional and satisfactory manner.

2. TERM

Unless earlier terminated in accordance with Paragraph 4 below, this Agreement will continue in full force and effect from the Effective Date through June 4, 2013.

3. COMPENSATION

- A. CONSULTANT's Fee.

For services rendered pursuant to this Agreement, CONSULTANT will be paid in accordance with the Compensation Schedule attached as Exhibit B, provided, however, that in no event will the total amount of money paid the CONSULTANT, for services initially contemplated by this Agreement, exceed the sum of \$12,000 ("Agreement Sum"), unless otherwise first approved in writing by CITY.

- B. Schedule of Payment.

Provided that the CONSULTANT is not in default under the terms of this Agreement, upon presentation of an invoice, CONSULTANT will be paid monthly the fees described in Paragraph 3.A. above, according to the Compensation Schedule. Payment will be due within 30 days after the date of the monthly invoice.

4. TERMINATION OF AGREEMENT

- A. Termination by CITY for Convenience.

- 1. CITY may, at any time, terminate the Agreement for CITY's convenience and without cause.

2. Upon receipt of written notice from CITY of such termination for CITY's convenience, CONSULTANT will:
 - a. cease operations as directed by CITY in the notice;
 - b. take actions necessary, or that CITY may direct, for the protection and preservation of the work; and
 - c. except for work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.
3. In case of such termination for CITY's convenience, CONSULTANT will be entitled to receive payment for work executed; and costs incurred by reason of such termination, along with reasonable overhead and profit on the work not executed.

B. Termination for Cause.

1. If either party fails to perform any term, covenant or condition in this Agreement and that failure continues for 15 calendar days after the nondefaulting party gives the defaulting party written notice of the failure to perform, this Agreement may be terminated for cause; provided, however, that if during the notice period the defaulting party has promptly commenced and continues diligent efforts to remedy the default, the defaulting party will have such additional time as is reasonably necessary to remedy the default.
2. In the event this Agreement is terminated for cause by the default of the CONSULTANT, the CITY may, at the expense of the CONSULTANT and its surety, complete this Agreement or cause it to be completed. Any check or bond delivered to the CITY in connection with this Agreement, and the money payable thereon, will be forfeited to and remain the property of the CITY. All moneys due the CONSULTANT under the terms of this Agreement will be retained by the CITY, but the retention will not release the CONSULTANT and its surety from liability for the default. Under these circumstances, however, the CONSULTANT and its surety will be credited with the amount of money retained, toward any amount by which the cost of completion exceeds the Agreement Sum and any amount authorized for extra services.
3. Termination for cause will not affect or terminate any of the rights of the CITY as against the CONSULTANT or its surety then existing, or which may thereafter accrue because of the default; this provision is in addition to all other rights and remedies available to the CITY under law.

C. Termination for Breach of Law.

In the event the CONSULTANT or any of its officers, directors, shareholders, employees, agents, subsidiaries or affiliates is convicted (i) of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of a contract or subcontract; (ii) under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a public consultant or contractor; (iii) under state or federal antitrust statutes arising out of the submission of bids or proposals; or (iv) of violation of Paragraph 19 of this Agreement; or for any other cause the CITY determines to be so serious and compelling as to affect CONSULTANT's responsibility as a public consultant or contractor, including but not limited to, debarment by another governmental agency, then the CITY reserves the unilateral right to terminate this Agreement or to impose such other sanctions (which may include financial sanctions, temporary suspensions or any other condition deemed appropriate short of termination) as it deems proper. The CITY will not take action until CONSULTANT has been given notice and an opportunity to present evidence in mitigation.

5. **FORCE MAJEURE**

If any party fails to perform its obligations because of strikes, lockouts, labor disputes, embargoes, acts of God, inability to obtain labor or materials or reasonable substitutes for labor or materials, governmental restrictions, governmental regulations, governmental control, judicial orders, enemy or hostile governmental action, civil commotion, fire or other casualty, or other causes beyond the reasonable control of the party obligated to perform, then that party's performance shall be excused for a period equal to the period of such cause for failure to perform.

6. **RETENTION OF FUNDS**

CONSULTANT authorizes CITY to deduct from any amount payable to CONSULTANT (whether or not arising out of this Agreement) any amounts the payment of which may be in dispute or that are necessary to compensate CITY for any losses, costs, liabilities, or damages suffered by CITY, and all amounts for which CITY may be liable to third parties, by reason of CONSULTANT's negligent acts or omissions or willful misconduct in performing or failing to perform CONSULTANT's obligations under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by CONSULTANT, or any indebtedness exists that appears to be the basis for a claim of lien, CITY may withhold from any payment due, without liability for interest because of the withholding, an amount sufficient to cover the claim. The failure of CITY to exercise the right to deduct or to withhold will not, however, affect the obligations of CONSULTANT to insure, indemnify, and protect CITY as elsewhere provided in this Agreement.

7. **CITY REPRESENTATIVE**

The Public Works Director is designated as the "City Representative," authorized to act in its behalf with respect to the work and services specified in this Agreement and to make all decisions in connection with this Agreement. Whenever approval, directions, or other actions are required by CITY under this Agreement, those actions will be taken by the City Representative, unless otherwise stated. The City Manager has the right to designate another City Representative at any time, by providing notice to CONSULTANT.

8. **CONSULTANT REPRESENTATIVE(S)**

The following principal(s) of CONSULTANT are designated as being the principal(s) and representative(s) of CONSULTANT authorized to act in its behalf with respect to the work specified in this Agreement and make all decisions in connection with this Agreement:

Dino D'Emilia, PE, Vice President Construction Services

9. **INDEPENDENT CONTRACTOR**

The CONSULTANT is, and at all times will remain as to CITY, a wholly independent contractor. Neither CITY nor any of its agents will have control over the conduct of the CONSULTANT or any of the CONSULTANT's employees, except as otherwise set forth in this Agreement. The CONSULTANT may not, at any time or in any manner, represent that it or any of its agents or employees are in any manner agents or employees of CITY.

10. **BUSINESS LICENSE**

The CONSULTANT must obtain a City business license prior to the start of work under this Agreement, unless CONSULTANT is qualified for an exemption.

11. **OTHER LICENSES AND PERMITS**

CONSULTANT warrants that it has all professional, contracting and other permits and licenses required to undertake the work contemplated by this Agreement.

12. **FAMILIARITY WITH WORK**

By executing this Agreement, CONSULTANT warrants that CONSULTANT (a) has thoroughly investigated and considered the scope of services to be performed, (b) has carefully considered how the services should be performed, and (c) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, CONSULTANT warrants that CONSULTANT has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services set forth in this Agreement. Should CONSULTANT discover any latent or unknown conditions that will materially affect the performance of the services set forth in this Agreement, CONSULTANT must immediately inform CITY of that fact and may not proceed except at CONSULTANT's risk until written instructions are received from CITY.

13. CARE OF WORK

CONSULTANT must adopt reasonable methods during the term of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and other components to prevent losses or damages, and will be responsible for all damages, to persons or property, until acceptance of the work by CITY, except those losses or damages as may be caused by CITY's own negligence.

14. CONSULTANT'S ACCOUNTING RECORDS; OTHER PROJECT RECORDS

Records of the CONSULTANT's time pertaining to the project, and records of accounts between CITY and the CONSULTANT, will be kept on a generally recognized accounting basis. CONSULTANT will also maintain all other records, including without limitation specifications, drawings, progress reports and the like, relating to the project. All records will be available to CITY during normal working hours. CONSULTANT will maintain these records for three years after final payment.

15. INDEMNIFICATION

CONSULTANT will indemnify, defend, and hold harmless CITY, the Redevelopment Agency of the City of Torrance, the City Council, each member thereof, present and future, members of boards and commissions, its officers, agents, employees and volunteers from and against any and all liability, expenses, including defense costs and legal fees, and claims for damages whatsoever, including, but not limited to, those arising from breach of contract, bodily injury, death, personal injury, property damage, loss of use, or property loss however the same may be caused and regardless of the responsibility for negligence. The obligation to indemnify, defend and hold harmless includes, but is not limited to, any liability or expense, including defense costs and legal fees, arising from the negligent acts or omissions, or willful misconduct of CONSULTANT, its officers, employees, agents, subcontractors or vendors. It is further agreed, CONSULTANT's obligations to indemnify, defend and hold harmless will apply even in the event of concurrent negligence on the part of CITY, the City Council, each member thereof, present and future, or its officers, agents and employees, except for liability resulting solely from the negligence or willful misconduct of CITY, its officers, employees or agents. Payment by CITY is not a condition precedent to enforcement of this indemnity. In the event of any dispute between CONSULTANT and CITY, as to whether liability arises from the sole negligence of the CITY or its officers, employees, agents, subcontractors or vendors, CONSULTANT will be obligated to pay for CITY's defense until such time as a final judgment has been entered adjudicating the CITY as solely negligent. CONSULTANT will not be entitled in the event of such a determination to any reimbursement of defense costs including but not limited to attorney's fees, expert fees and costs of litigation.

16. NON-LIABILITY OF CITY OFFICERS AND EMPLOYEES

No officer or employee of CITY will be personally liable to CONSULTANT, in the event of any default or breach by the CITY or for any amount that may become due to CONSULTANT.

17. INSURANCE

A. CONSULTANT must maintain at its sole expense the following insurance, which will be full coverage not subject to self insurance provisions:

Insurance or bonds required by this Agreement will be satisfactory only if issued by companies admitted to do business in California, rated "B+" or better in the most recent edition of Best's Key Rating Guide, and only if they are of a financial category Class VII or better, unless these requirements are waived by the Risk Manager of CITY ("Risk Manager") due to unique circumstances. In the event the Risk Manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to CITY, the CONSULTANT agrees that the minimum limits of

any insurance policies or performance bonds required by this Agreement may be changed accordingly upon receipt of written notice from the Risk Manager; provided that CONSULTANT will have the right to appeal a determination of increased coverage by the Risk Manager to the City Council of CITY within 10 days of receipt of notice from the Risk Manager.

Subject: Revised Proposal to Provide Inspection Services for Construction of Centennial Plaza

Dear Ms. Reis:

AndersonPenna Partners is pleased to submit this letter proposal offering candidates to provide full time inspection for this project. Our Sr. Project / Construction Manager, Gary Heinbuch is very familiar with City policies, standards and guidelines, and the requirements of administering public projects, and more specifically, within the City of Torrance. Mr. Heinbuch will be the City's contact to establish inspection services, and will ensure the City is satisfied with the services delivered.

AndersonPenna Partners is offering two inspectors for consideration: The proposed inspector is Tom Legault, who has recent relevant experience on major landscape and hardscape projects, as well as recent experience in the City of Torrance on the Del Amo Boulevard Extension, Phase 2 Project. Tom is available to the City throughout the scheduled 40-day project duration. Attached is Tom's resume, references and a rate schedule that includes rates for weekend and over-time work.

We appreciate the opportunity to propose on this work, and hope to continue our positive working relationship with the City. City of Torrance – Proposal for Inspection Services for Construction of the Centennial Plaza Project

Project Understanding

The project involves construction of landscape, hardscape, lighting improvements and installation of a time capsule in Centennial Plaza, located between Manuel Avenue and Cravens Avenue on El Prado Avenue in the “Old Town Torrance” section of the City.

Bids for the construction contract were received on May 3, with the apparent low bid amount \$170,392.00. The construction contract duration stipulated in the bid documents is 40 working days, with construction anticipated to start in mid- to late-June, 2012.

AndersonPenna Partners, Inc. (APP) understands that the City is seeking inspection services to perform, at a minimum, the following services:

- Attendance and participation at the pre-construction conference
- Construction observation
- Verification and documentation of adherence to the plans and specifications
- Measurement and verification of work completed and assistance with the processing of project pay applications
- Monitoring, expediting of corrective measures and documentation of proper implementation of Traffic Controls and Storm Water Pollution Prevention Best Management Practices
- Daily Inspection Reports
- Preparation, expedition and documentation of completion of a punch list
- Review and coordination of as-built plans, Operations & Maintenance Manuals, Warranties
- Expedition of Project Closeout.

The APP construction services team has reviewed the project’s plans and specifications and has driven the project area in order to obtain a preliminary understanding of the project.

Project Issues

During our review of the plans and specifications and the project site, we identified several potential project issues, detailed below, that APP will proactively resolve with the City and project stakeholders to help ensure successful project delivery.

NPDES / BMPs: The specifications require the Contractor adhere to stipulated Best Management Practices erosion control and storm water pollution protection. There do not appear to be bid items that address separate payment for implementation of the required BMP measures. As feasible within

Aerial view of existing conditions and surrounding area.

City of Torrance – Proposal for Inspection Services for Construction of the Centennial Plaza Project

the allotted budget, the APP team will proactively monitor the Contractor's proper implementation of BMPs and make recommendation for appropriate remedies should the Contractor fail to properly implement proper BMPs.

Public Relations: The project is in a high profile area adjacent to a downtown storefront business district and medium to high density housing. The APP team has extensive experience implementing public improvements in similar settings, and will work proactively and empathetically with local businesses and residents to minimize the disruption during Construction. As feasible within the allotted budget, the APP team will proactively monitor the proper implementation of traffic controls, housekeeping practices, dust control, noise mitigations, pedestrian safety, open trench safety and site safety and security.

City Furnished Items: The plans include for the City to furnish several items for the Contractor to install. These items include, but may not be limited to, street lighting fixtures and a time capsule. It is recommended that the City work proactively to coordinate the details, procurement and timely delivery to help ensure the successful integration of such items into the work.

Utility Coordination: Proactive notification and frequent expediting and coordination with Southern California Edison is necessary for the successful integration of utility requirements on the Project. It is recommended that the City work proactively with the Contractor and SCE service planner to confirm that project requirements are a priority and coordinated with the project schedule.

In summary, the APP Team has relevant experience on very similar projects and has proactively researched the details of the project. We stand ready to assist the City in the successful implementation of the project.

The following pages include resumes for APP's proposed inspector, references and the proposed rate schedule for the services requested.
