

Council Meeting of
July 15, 2008

Honorable Mayor and Members
of the City Council
City Hall
Torrance, California

Members of the Council:

SUBJECT: General Services- Renew a contract for graffiti removal services in the City of Torrance.

Expenditure: \$ 250,000.00

RECOMMENDATION

Recommendation of the General Services Director that the City Council approve a one year option to renew the contract with Graffiti Protective Coatings, Inc for graffiti removal services in the City of Torrance for fiscal year 2008-2009 for \$ 250,000, with price adjustment not to exceed the Consumer Price Index - All Urban Consumers.

Funding

Funding is available in the 2008-2009 General Services operating budget.

BACKGROUND

The City of Torrance contractor graffiti abatement program initiated in 1989 is now one of the most successful programs in Southern California. This success is a reflection of the program's management and methodology which differs from most other Cities. Torrance's graffiti program places a substantial emphasis on the graffiti contractor's initiative to actively seek out and abate graffiti before it is reported by city residents. The abatement contractor is responsible for the removal of all graffiti visible from a public street or thoroughfare within the City of Torrance, including City parks. Contracted response time is within 24 working hours or 8 hours for City initiated requests, and 4 hours for emergency call outs. However, the City and its contractor strive for abatement within the day of discovery for contractor discovered incidents and within 2 to 3 hours for locations requested by the City Graffiti Program Coordinator.

The current contractor, Graffiti Protective Coatings, Inc. (GPC) has continued to meet these goals where past contractors have struggled. GPC has provided exceptional graffiti abatement services for the City over the last 5 years. During this time, the City has received numerous positive comments from residents on the professionalism and timeliness of abatement services. These comments are a marked change when compared to the previous abatement contractor. GPC provides 3 full time crews with all equipment and vehicles necessary for graffiti abatement. Crews work 5 days a week including all holidays and are on call 24 hours a day to respond to emergencies. Response time during emergencies is normally within 2 hours. The intent of the city is to maintain the existing high level of abatement services for the residents of Torrance.

ANALYSIS

On June 7, 2005, the City Council approved a contract with Graffiti Protective Coatings Inc. with an option to renew for an additional 4 one year extensions with price adjustments not to exceed the Consumer Price Index- All Urban Consumers.

The Consumer Price Index – All Urban Consumers is 3.7%, is an increase of \$10.24 for a total cost for per crew per day of \$286.87. Due to the number of graffiti incidents, contracted crews will likely be required to perform additional service days for graffiti removal in the upcoming year. In addition, the cost of paint supplies, paid separately in the contract, is also expected to rise. As a result, staff requests the not to exceed contract price to be increased to \$250,000 to cover these contingencies.

The General Services Director recommends that City Council approve the option to renew the contract with Graffiti Protective Coatings Inc. for \$ 250,000 for graffiti abatement services for the City of Torrance for fiscal year 2008-2009. If your Honorable Body approves the contract renewal with Graffiti Protective Coatings Inc., it will be the fourth year of the five year option. The term of the contract is July 1, 2008 to June 30, 2009.

Respectfully submitted,

Sheryl Ballew

Attachment A: Graffiti Protective Coatings Inc. Contract

CONTRACT SERVICES AGREEMENT

This CONTRACT SERVICES AGREEMENT ("Agreement") is made and entered into as of July 1, 2008 ("The Effective Date"), by and between the CITY OF TORRANCE, a municipal corporation ("CITY"), and Graffiti Protective Coatings Inc., a California Corporation ("CONTRACTOR").

RECITALS:

- A. The CITY wishes to retain the services of an experienced and qualified CONTRACTOR to provide graffiti removal services for the City of Torrance.
- B. In order to obtain the desired services, The CITY has circulated its Request for Proposal to Provide Graffiti Removal Services for the City of Torrance, RFP B2005-23 (the "RFP").
- C. CONTRACTOR has submitted a Proposal (the "Proposal") in response to the RFP. In its Proposal CONTRACTOR represents that it is qualified to perform those services requested in the RFP. Based upon its review of all proposals submitted in response to the RFP, The CITY is willing to award the contract to CONTRACTOR.

AGREEMENT:

1. SERVICES TO BE PERFORMED BY CONTRACTOR

CONTRACTOR will provide the services and materials listed in CONTRACTOR's Proposal submitted in response to the RFP. A copy of the Proposal is attached as Exhibit A.

2. TERM

Unless earlier terminated in accordance with Paragraph 4 below, this Agreement will continue in full force and effect from the Effective Date through June 30, 2009. This Agreement includes four one-year options. The options can be exercised only by the CITY.

3. COMPENSATION

A. CONTRACTOR's Fee.

For services rendered pursuant to this Agreement, CONTRACTOR will be paid in accordance with the compensation schedule set forth in the Proposal; provided, however, that in no event will the total amount of money paid the CONTRACTOR, for services initially contemplated by this Agreement, exceed the sum of \$ 250,000.00 ("Agreement Sum"), unless otherwise first approved in writing by the CITY. In the event the CITY

exercises an option for an additional year, then the costs may be increased by an amount not to exceed the Consumer Price Index – All Urban Consumers.

B. Schedule of Payment.

Provided that the CONTRACTOR is not in default under the terms of this Agreement, upon presentation of an invoice, CONTRACTOR will be paid monthly, within 30 days after the date of the monthly invoice.

4. TERMINATION OF AGREEMENT

A. Termination by CITY for Convenience.

1. CITY may, at any time, terminate the Agreement for CITY's convenience and without cause.
2. Upon receipt of written notice from CITY of such termination for CITY's convenience, CONTRACTOR will:
 - a. cease operations as directed by CITY in the notice;
 - b. take actions necessary, or that CITY may direct, for the protection and preservation of the work; and
 - c. except for work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.
3. In case of such termination for CITY's convenience, CONTRACTOR will be entitled to receive payment for work executed; and costs incurred by reason of such termination, along with reasonable overhead and profit on the work not executed.

B. Termination for Cause.

1. If either party fails to perform any term, covenant or condition in this Agreement and that failure continues for 15 calendar days after the nondefaulting party gives the defaulting party written notice of the failure to perform, this Agreement may be terminated for cause; provided, however, that if during the notice period the defaulting party has promptly commenced and continues diligent efforts to remedy the default, the defaulting party will have such additional time as is reasonably necessary to remedy the default.
2. In the event this Agreement is terminated for cause by the default of the CONTRACTOR, the CITY may, at the expense of the CONTRACTOR and its surety, complete this Agreement or cause it to be completed. Any check or bond delivered to the CITY in

connection with this Agreement, and the money payable thereon, will be forfeited to and remain the property of the CITY. All moneys due the CONTRACTOR under the terms of this Agreement will be retained by the CITY, but the retention will not release the CONTRACTOR and its surety from liability for the default. Under these circumstances, however, the CONTRACTOR and its surety will be credited with the amount of money retained, toward any amount by which the cost of completion exceeds the Agreement Sum and any amount authorized for extra services.

3. Termination for cause will not affect or terminate any of the rights of the CITY as against the CONTRACTOR or its surety then existing, or which may thereafter accrue because of the default; this provision is in addition to all other rights and remedies available to the CITY under law.

C. Termination for Breach of Law.

In the event the CONTRACTOR or any of its officers, directors, shareholders, employees, agents, subsidiaries or affiliates is convicted (i) of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of a contract or subcontract; (ii) under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a public consultant or contractor; (iii) under state or federal antitrust statutes arising out of the submission of bids or proposals; or (iv) of violation of Paragraph 19 of this Agreement; or for any other cause the CITY determines to be so serious and compelling as to affect CONTRACTOR's responsibility as a public consultant or contractor, including but not limited to, debarment by another governmental agency, then the CITY reserves the unilateral right to terminate this Agreement or to impose such other sanctions (which may include financial sanctions, temporary suspensions or any other condition deemed appropriate short of termination) as it deems proper. The CITY will not take action until CONTRACTOR has been given notice and an opportunity to present evidence in mitigation.

5. FORCE MAJEURE

If any party fails to perform its obligations because of strikes, lockouts, labor disputes, embargoes, acts of God, inability to obtain labor or materials or reasonable substitutes for labor or materials, governmental restrictions, governmental regulations, governmental controls, judicial orders, enemy or hostile governmental action, civil commotion, fire or other casualty, or other causes beyond the reasonable control of the party obligated to perform, then that

party's performance shall be excused for a period equal to the period of such cause for failure to perform.

6. RETENTION OF FUNDS

CONTRACTOR authorizes the CITY to deduct from any amount payable to CONTRACTOR (whether or not arising out of this Agreement) any amounts the payment of which may be in dispute or that are necessary to compensate the CITY for any losses, costs, liabilities, or damages suffered by the CITY, and all amounts for which the CITY may be liable to third parties, by reason of CONTRACTOR's negligent acts or omissions or willful misconduct in performing or failing to perform CONTRACTOR's obligations under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by CONTRACTOR, or any indebtedness exists that appears to be the basis for a claim of lien, the CITY may withhold from any payment due, without liability for interest because of the withholding, an amount sufficient to cover the claim. The failure of the CITY to exercise the right to deduct or to withhold will not, however, affect the obligations of CONTRACTOR to insure, indemnify, and protect the CITY as elsewhere provided in this Agreement.

7. THE CITY'S REPRESENTATIVE

Jon Landis, Facility Services Manager is designated as the "City Representative," authorized to act in its behalf with respect to the work and services specified in this Agreement and to make all decisions in connection with this Agreement. Whenever approval, directions, or other actions are required by the CITY under this Agreement, those actions will be taken by the City Representative, unless otherwise stated. The City Manager has the right to designate another City Representative at any time, by providing notice to CONTRACTOR.

8. CONTRACTOR REPRESENTATIVE(S)

The following principal(s) of CONTRACTOR are designated as being the principal(s) and representative(s) of CONTRACTOR authorized to act in its behalf with respect to the work specified in this Agreement and make all decisions in connection with this Agreement:

Carla Lenhoff
President

9. INDEPENDENT CONTRACTOR

The CONTRACTOR is, and at all times will remain as to the CITY, a wholly independent contractor. Neither the CITY nor any of its agents will have control over the conduct of the CONTRACTOR or any of the CONTRACTOR's employees, except as otherwise set forth in this Agreement. The CONTRACTOR may not, at any time or in any manner, represent that it or any of its agents or employees are in any manner agents or employees of the CITY.

10. BUSINESS LICENSE

The CONTRACTOR must obtain a City business license prior to the start of work under this Agreement, unless CONTRACTOR is qualified for an exemption.

11. OTHER LICENSES AND PERMITS

CONTRACTOR warrants that it has all professional, contracting and other permits and licenses required to undertake the work contemplated by this Agreement.

12. FAMILIARITY WITH WORK

By executing this Agreement, CONTRACTOR warrants that CONTRACTOR (a) has thoroughly investigated and considered the scope of services to be performed, (b) has carefully considered how the services should be performed, and (c) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, CONTRACTOR warrants that CONTRACTOR has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services set forth in this Agreement. Should CONTRACTOR discover any latent or unknown conditions that will materially affect the performance of the services set forth in this Agreement, CONTRACTOR must immediately inform the CITY of that fact and may not proceed except at CONTRACTOR's risk until written instructions are received from the CITY.

13. CARE OF WORK

CONTRACTOR must adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and other components to prevent losses or damages, and will be responsible for all damages, to persons or property, until acceptance of the work by the CITY, except those losses or damages as may be caused by the CITY's own negligence.

14. CONTRACTOR'S ACCOUNTING RECORDS; OTHER PROJECT RECORDS

Records of the CONTRACTOR's time pertaining to the project, and records of accounts between the CITY and the CONTRACTOR, will be kept on a generally recognized accounting basis. CONTRACTOR will also maintain all other records, including without limitation specifications, drawings, progress reports and the like, relating to the project. All records will be available to the CITY during normal working hours. CONTRACTOR will maintain these records for three years after final payment.

15. INDEMNIFICATION

CONTRACTOR will indemnify, defend, and hold harmless CITY, the City Council, each member thereof, present and future, its officers, agents and employees from and against any and all liability, expenses, including defense costs and legal fees, and claims for damages whatsoever, including, but not limited to, those arising from breach of contract, bodily injury, death, personal injury, property damage, loss of use, or property loss however the same may be caused and regardless of the responsibility for negligence. The obligation to indemnify, defend and hold harmless includes, but is not limited to, any liability or expense, including defense costs and legal fees, arising from the negligent acts or omissions, or willful misconduct of CONTRACTOR, its officers, employees, agents, subcontractors or vendors. It is further agreed, CONTRACTOR's obligations to indemnify, defend and hold harmless will apply even in the event of concurrent negligence on the part of CITY, the City Council, each member thereof, present and future, or its officers, agents and employees, except for liability resulting solely from the negligence or willful misconduct of CITY, its officers, employees or agents. Payment by CITY is not a condition precedent to enforcement of this indemnity. In the event of any dispute between CONTRACTOR and CITY, as to whether liability arises from the sole negligence of the CITY or its officers, employees, agents, subcontractors or vendors, CONTRACTOR will be obligated to pay for CITY's defense until such time as a final judgment has been entered adjudicating the CITY as solely negligent. CONTRACTOR will not be entitled in the event of such a determination to any reimbursement of defense costs including but not limited to attorney's fees, expert fees and costs of litigation.

16. NON-LIABILITY OF THE CITY'S OFFICERS AND EMPLOYEES

No officer or employee of the CITY will be personally liable to CONTRACTOR, in the event of any default or breach by the CITY or for any amount that may become due to CONTRACTOR.

In the event the Risk Manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the CITY, the CONTRACTOR agrees that the minimum limits of any insurance policies and/or the performance bond required by this Agreement may be changed accordingly upon receipt of written notice from the Risk Manager; provided that CONTRACTOR will have the right to appeal a determination of increased coverage by the Risk Manager to the City Council of the CITY within 10 days of receipt of notice from the Risk Manager.

Torrance Proposal

For Graffiti Removal

1. Qualifications of Firm

Graffiti Protective Coatings, Inc. was based on an award winning business plan at the University of Southern California in 1990 that pioneered the use of alternative methods in battling graffiti vandalism. With knowledge of graffiti removal unrivaled by few persons in the nation, the company has proven itself and its processes effective in keeping property free of graffiti. GPC performs its work with tremendous consistency, quality, and safety, in an effort to always exceed the client's expectations.

GPC is a licensed type C-33 contractor, license number 672447. The company's financial health is sound with no pending litigation, mergers, or solvency concerns. GPC has local ownership directly involved in the day-to-day operations of the company and owners are readily accessible and available for face-to-face meetings. GPC meets all the insurance requirements for this contract with certificates currently on file with the City.

GPC can remove graffiti from **any surface** leaving no trace of graffiti, and our skilled and efficient personnel can perform these tasks at an extremely fast speed.

GPC has over 600 clients and started contracting with cities a decade ago, providing municipalities the same standards provided our private customers. These standards include 24 hour 7 day a week availability, 98% minimum color match quality, 1 hour or less response to service requests, proactive zero-tolerance patrols, and **always** exceeding the specifications of the scope of work.

2. Staff and Project Organization

GPC offers employee's good pay; thorough training, and the best equipment, and job security for those who take a personal ownership in the clientele. GPC cares about its

employees and treats staff who excel with respect and gratitude. GPC turnover rate is very low and employee morale and pride towers over our competitors. New hires at GPC must have a clean driving record, pass a drug test and background check, and meet GPC's extremely high minimum standards.

Key Staff and Duties

Key personnel for this proposal are Barry Steinhart and William Subuyaj. Barry Steinhart is GPC's general manager and has a degree in Business Administration from the University of Southern California. Barry will be the project manager of the contract. Barry's job is to organize and manage GPC staff in a manner that the contract is fulfilled seamlessly and that all city concerns and requirements are not only met but exceeded. Barry will be the main contact for this project and will work in the field with all employees as a field employee on a random basis. Barry always gives 100% effort and will do everything possible to please the client.

William Subuyaj is the site manager for the project and has two years experience working all three zones in Torrance. William takes great ownership and pride in GPC and the city of Torrance. His enthusiasm and desire to please the city sets the tone for the two other crews. William currently serves as the site manager in the city for this project. His duties beyond graffiti removal include meeting with and coordinating work orders with city staff, organizing crews, preparing worksheets, and communicating with Barry on a daily basis.

Operations Personnel

GPC field staff for this contract will be our experienced technicians currently fulfilling their roles as field technicians in the second and third trucks. They know the ins and outs of their zones including "hotspots" and all custom colors to be used at each site. GPC staff has six other technicians all with at least four months experience maintaining zones within Torrance. Backup staffs can effectively and competently fill in at a moments notice when the city needs additional service trucks or while a technician is sick or on vacation.

Subcontractors

GPC will use no subcontractors for this contract.

LABOR-HOUR ALLOCATION CHART

	# Employees	Working Hours Allocated Per Week	Field Mgmt. Hours Per Week
Graffiti Removal Tech	2	40 total (each)	0
Project Mgr Barry	1	3	5
Site Mgr William	1	40	5

3. Methods of Operation

GPC's objective is to meet and exceed the city's expectations. GPC will accomplish this by excelling in four areas; Equipment, Staff, Safety, and Process.

Equipment

GPC will dedicate 3 of its 25 rigs *exclusively* for Torrance. GPC will always have a spare truck ready and available if a truck needs service or repairs. All trucks are fully equipped with 3,000 psi 5gpm hot water pressure washers, water tanks, airless sprayers, ladder for high locations, and blaster attachments. GPC's equipment is of the highest quality and all the trucks are customized for graffiti removal. GPC currently has all the equipment needed to fulfill this contract. Including GPC's power buffing equipment that allows for the removal of acid etched graffiti.

GPC possesses many water recovery units. Our high volume unit is truck mounted and designed after a much larger CALTRANS model and is mounted on the truck. The unit is a fully automatic zero discharge-closed loop wash water recovery system. This unit removes all physical particles twenty microns and larger in size as well as absorbing petroleum hydrocarbons. It collects the wash water using a Vacuboom system, filters the water using a media tank system and returns the clean water to the main water tank.

Our standard recovery unit is portable and can be attached directly to the wand of the pressure washer and recovers water as the technician is working. The portable recycler works similar to the mounted unit except it uses filters in lieu of a media tank. Both machines are in compliance with current wastewater regulations and requirements.

Mounted on the trucks are dual strobe lights. Inside the trucks are caution tape, respirators, first aid kits, MSDS sheets, safety equipment, and tools for repairs. GPC service trucks will be clearly marked with the company name, logo, and telephone number.

Staff

GPC will be using three crews for this project. GPC staff members know how to remove graffiti properly. GPC staff members are smart. They know and recognize hazards and are skilled professionals. All GPC personnel will wear GPC uniforms on duty and will have cell phones for immediate and direct communication.

GPC's crew for this contract will all have experience in Torrance. They know the how to match colors, recognize hot spots and areas of importance, the best times to attack various locations, and how to communicate with city staff.

The city contains some busy thoroughfares, and has a massive population of residents and visitors. Therefore, extreme care and diligence must be utilized when using airless sprayers and chemicals to avoid overspray of cars, personal property, and pedestrians. During the past 16 years GPC personnel have removed hundreds of thousands if not millions of tags with not one insurance claim of overspray, injury, or any other complication for any of our clients.

Safety

GPC's experience removing graffiti at high traffic locations is a tremendous safety advantage. The key to safety is awareness of pressure washer hoses, equipment, bus riders, pedestrians, and all existing and potential hazards. Experience, training, and common sense allow GPC staff to recognize and minimize all potential hazards.

Process (Daily Routine)

GPC will provide a cell phone to city staff for instant and easy communication. GPC will utilize three crews breaking the city into three zones. The zones will be as follows: all areas of Torrance north of 190th Street; all areas of Torrance between 190th and Torrance Blvd; and all areas of Torrance south of Torrance Blvd. Each Zone will have its own truck and crew specializing in that area.

GPC's workday will start at 6am so that busy thoroughfares can be cleaned safely before heavy morning traffic. During the patrols we will immediately remove all graffiti no matter how small including but not limited to: walls, sidewalks, signs, curbs, windows, phones, hydrants, concrete light poles, steel light poles, roofs, sewer lids, vents, gutters, trees, trash cans, parking bumpers, doors, railings, garage sale signs, stickers, mailboxes, banners, etc. Each site cleaned will be photographed and documented on the worksheet. Parks will also be checked and walked daily with no trace of vandalism left behind.

The site manager will check in with city staff twice a day at 8am and 1pm to get all service requests. Most all service requests will be completed within 1 hour with all requests being completed within 8 working hours; priority calls or obscenities will be responded to in minutes. GPC workday is 8 hours.

GPC custom color matches all buildings along the main drags to 98% or better. GPC will maintain the formulas as well as the inventory of labeled locations. Therefore, our touch-ups will always be 100% accurate. Our custom matches will include specific coatings and bases as needed for unique finishes. For quality reasons, GPC will not use recycled paint.

Each GPC crew will patrol and clean between 50-60 miles of city rights of way daily. GPC takes a proactive approach to graffiti removal, seeking out and immediately cleaning graffiti rather than waiting for frustrated and scared citizens to call in complaints.

Photos and worksheets will be turned in at the end of each workday. Barry Steinhart will be available to the city 24 hours a day, 365 days a year via cell phone. No matter what the Holiday or time, emergency after-hours calls will have a response time of less than one hour.

Quality Control

Quality control will be the responsibility of every GPC staff member with overall responsibility going to Barry Steinhart. Personnel for this contract are experienced, detail focused, and conscientious.

GPC accepts and performs only "excellent" quality from its staff and that is the standard that the city will receive from GPC. Barry Steinhart will make weekly inspections of work performed. Staff understands that a member doing a poor job negates all the hard work and past performance of others.

GPC has priced this job based on a precise understanding of the work required and amount of time needed to complete this project in a proper manner.

Conclusion

GPC is a strong company with an excellent reputation that has been providing high quality graffiti removal to Torrance for the past three years. GPC staff is extremely competent aided by diligent and disciplined management as well as the best possible equipment. Overall, GPC runs a seamless operation that will provide the city the highest quality work and will exceed all expectations.
