RECOMMENDATION

Recommendation of the General Services Director that the City Council:

- a) Authorize the purchase of one (1) 2009 GMC TC7C042 five cubic-yard propane-fueled dump truck from Reynolds Buick GMC of Covina, California, in the amount of \$103,913.93 including sales tax and tire fees.
- b) Appropriate \$20,700.00 from the General Fund Reserve for Alternative Fuel Vehicles to offset propane vehicle cost premium.

Funding

Funding is available from the Fleet Services Vehicle and Equipment Replacement Fund and the General Fund Reserve for Alternative Fuel Vehicles.

BACKGROUND

The Public Works Department has two (2) five-yard dump trucks that require replacement. In accordance with efforts to improve exhaust emissions within the City's fleet the City Manager has concurred that one of these trucks (this one) will be purchased in a propane-fueled version. The City Council has previously approved purchase of the gasoline-fueled dump truck at your August 12th 2008 meeting.

The five-yard dump truck listed below has exceeded its useful life criteria and needs to be replaced.

ANALYSIS

Formal bids were opened on August 21, 2008. Only one responsive bid was received. A second vendor was deemed non-responsive due to late bid submission. Bid results are listed below.

Staff contacted Martin Chevrolet in Torrance to inquire as to why they did not submit a bid. The Fleet Sales Manager indicated that Martin's franchise agreement with General Motors does not permit them to sell medium and heavy-duty trucks.

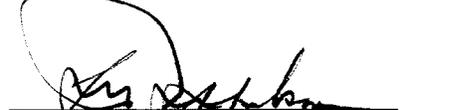

Respectfully submitted,
