

Council Meeting
May 18, 2010

Honorable Mayor and Members
of the City Council
City Hall
Torrance, California

Members of the City Council:

**SUBJECT: Human Resources - Approve Contract for Commuter
Transportation Consulting Services**

Expenditure: \$65,520

RECOMMENDATION

Recommendation of the Human Resources Director that City Council approve a Contract with Kim Fuentes, in an amount not to exceed \$65,520, for commuter transportation (Rideshare) consultant services for July 1, 2010 to June 30, 2011.

Funding

Funds are available in the 2010/11 Rideshare Program Budget. The City receives Department of Motor Vehicle Funds through Motor Vehicle Fees that shall only be used for vehicle pollution reduction activities. General Funds are not utilized to pay for these services.

BACKGROUND

Kim Fuentes was retained in 1994 as the City's consultant for the implementation of the South Coast Air Quality Management District (AQMD) Rideshare mandates. Ms. Fuentes was selected due to the depth of her experience in the field of transportation demand management, as well as for her cost-effective proposal. Her experience includes working with the County of Los Angeles as the Trip Reduction Program Manager, as well as program experience with local cities and employers.

The City has benefited from the services of a contractor as evident in the program successes achieved during the past year:

- Continued the successful operation of the Rideshare Program by achieving the required Average Vehicle Ridership (AVR) target of 1.50.
- Surveyed all employees and obtained approval of the City's 2009/10 Trip Reduction Program from the AQMD.

The AQMD Rule 2202 requires employers in the region to implement vehicle trip reduction programs to reduce pollution; thus the City of Torrance is required to comply. In addition to regulatory compliance, programs such as the City's employee Rideshare Program add benefits beyond cleaner air and lower fuel consumption such as:

- Reducing traffic congestion within the City. The City of Torrance has reduced 33% the number of employee vehicles arriving during morning hours.
- Creating a good neighbor atmosphere with residents.
- Improves economic development through traffic reduction.

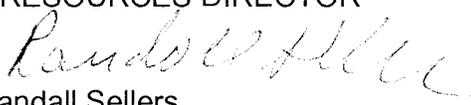

ANALYSIS

The City has been very satisfied with the performance of Ms. Fuentes for the past 16 years. She has extensive contacts and expertise in the field of transportation demand management.

For the upcoming contract year, Ms. Fuentes' contract will be 52 weeks at \$1,260 per week, for a total contract of \$65,520, reflecting no increase in fees. The contract includes only direct service and does not include any other changes.

CONSULTING SERVICES AGREEMENT

This CONSULTING SERVICES AGREEMENT (“Agreement”) is made and entered into as of July 1, 2010 (the “Effective Date”), by and between the CITY OF TORRANCE, a municipal corporation (“CITY”), and Kim Fuentes, an independent consultant (“CONSULTANT”).

RECITALS:

- A. CITY wishes to retain the services of an experienced and qualified CONSULTANT to provide full oversight of the City's Rideshare Program including providing on-site assistance, management and implementation.
- B. CONSULTANT represents that it is qualified to perform those services.

AGREEMENT:

1. **SERVICES TO BE PERFORMED BY CONSULTANT**

CONSULTANT will provide the services listed in the Scope of Services attached as Exhibit A. CONSULTANT warrants that all work and services set forth in the Scope of Services will be performed in a competent, professional and satisfactory manner.

2. **TERM**

Unless earlier terminated in accordance with Paragraph 4 below, this Agreement will continue in full force and effect from the Effective Date through June 30, 2010.

3. **COMPENSATION**

- A. CONSULTANT’s Fee.

For services rendered pursuant to this Agreement, CONSULTANT will be paid in accordance with the Compensation Schedule attached as Exhibit B, provided, however, that in no event will the total amount of money paid the CONSULTANT, for services initially contemplated by this Agreement, exceed the sum of \$65,520.00 (“Agreement Sum”), unless otherwise first approved in writing by CITY.

- B. Schedule of Payment.

Provided that the CONSULTANT is not in default under the terms of this Agreement, upon presentation of an invoice, CONSULTANT will be paid monthly the fees described in Paragraph 3.A. above, according to the Compensation Schedule. Payment will be due within 30 days after the date of the monthly invoice.

4. **TERMINATION OF AGREEMENT**

- A. Termination by CITY for Convenience.

- 1. CITY may, at any time, terminate the Agreement for CITY’s convenience and without cause.

2. Upon receipt of written notice from CITY of such termination for CITY's convenience, CONSULTANT will:
 - a. cease operations as directed by CITY in the notice;
 - b. take actions necessary, or that CITY may direct, for the protection and preservation of the work; and
 - c. except for work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

3. In case of such termination for CITY's convenience, CONSULTANT will be entitled to receive payment for work executed; and costs incurred by reason of such termination, along with reasonable overhead and profit on the work not executed.

B. Termination for Cause.

1. If either party fails to perform any term, covenant or condition in this Agreement and that failure continues for 15 calendar days after the nondefaulting party gives the defaulting party written notice of the failure to perform, this Agreement may be terminated for cause; provided, however, that if during the notice period the defaulting party has promptly commenced and continues diligent efforts to remedy the default, the defaulting party will have such additional time as is reasonably necessary to remedy the default.

2. In the event this Agreement is terminated for cause by the default of the CONSULTANT, the CITY may, at the expense of the CONSULTANT and its surety, complete this Agreement or cause it to be completed. Any check or bond delivered to the CITY in connection with this Agreement, and the money payable thereon, will be forfeited to and remain the property of the CITY. All moneys due the CONSULTANT under the terms of this Agreement will be retained by the CITY, but the retention will not release the CONSULTANT and its surety from liability for the default. Under these circumstances, however, the CONSULTANT and its surety will be credited with the amount of money retained, toward any amount by which the cost of completion exceeds the Agreement Sum and any amount authorized for extra services.

3. Termination for cause will not affect or terminate any of the rights of the CITY as against the CONSULTANT or its surety then existing, or which may thereafter accrue because of the default; this provision is in addition to all other rights and remedies available to the CITY under law.

C. Termination for Breach of Law.

In the event the CONSULTANT or any of its officers, directors, shareholders, employees, agents, subsidiaries or affiliates is convicted (i) of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of a contract or subcontract; (ii) under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a public consultant or contractor; (iii) under state or federal antitrust statutes arising out of the submission of bids or proposals; or (iv) of violation of Paragraph 19 of this Agreement; or for any other cause the CITY determines to be so serious and compelling as to affect CONSULTANT's responsibility as a public consultant or contractor, including but not limited to, debarment by another governmental agency, then the CITY reserves the unilateral right to terminate this Agreement or to impose such other sanctions (which may include financial sanctions, temporary suspensions or any other condition deemed appropriate short of termination) as it deems proper. The CITY will not take action until CONSULTANT has been given notice and an opportunity to present evidence in mitigation.

5. **FORCE MAJEURE**

If any party fails to perform its obligations because of strikes, lockouts, labor disputes, embargoes, acts of God, inability to obtain labor or materials or reasonable substitutes for labor or materials, governmental restrictions, governmental regulations, governmental control, judicial orders, enemy or hostile governmental action, civil commotion, fire or other casualty, or other causes beyond the reasonable control of the party obligated to perform, then that party's performance shall be excused for a period equal to the period of such cause for failure to perform.

6. **RETENTION OF FUNDS**

CONSULTANT authorizes CITY to deduct from any amount payable to CONSULTANT (whether or not arising out of this Agreement) any amounts the payment of which may be in dispute or that are necessary to compensate CITY for any losses, costs, liabilities, or damages suffered by CITY, and all amounts for which CITY may be liable to third parties, by reason of CONSULTANT's negligent acts or omissions or willful misconduct in performing or failing to perform CONSULTANT's obligations under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by CONSULTANT, or any indebtedness exists that appears to be the basis for a claim of lien, CITY may withhold from any payment due, without liability for interest because of the withholding, an amount sufficient to cover the claim. The failure of CITY to exercise the right to deduct or to withhold will not, however, affect the obligations of CONSULTANT to insure, indemnify, and protect CITY as elsewhere provided in this Agreement.

7. **CITY REPRESENTATIVE**

Randall Sellers is designated as the “City Representative,” authorized to act in its behalf with respect to the work and services specified in this Agreement and to make all decisions in connection with this Agreement. Whenever approval, directions, or other actions are required by CITY under this Agreement, those actions will be taken by the City Representative, unless otherwise stated. The City Manager has the right to designate another City Representative at any time, by providing notice to CONSULTANT.

8. **CONSULTANT REPRESENTATIVE(S)**

The following principal(s) of CONSULTANT are designated as being the principal(s) and representative(s) of CONSULTANT authorized to act in its behalf with respect to the work specified in this Agreement and make all decisions in connection with this Agreement:

Kim Fuentes, Transportation Consultant

9. **INDEPENDENT CONTRACTOR**

The CONSULTANT is, and at all times will remain as to CITY, a wholly independent contractor. Neither CITY nor any of its agents will have control over the conduct of the CONSULTANT or any of the CONSULTANT’s employees, except as otherwise set forth in this Agreement. The CONSULTANT may not, at any time or in any manner, represent that it or any of its agents or employees are in any manner agents or employees of CITY.

10. **BUSINESS LICENSE**

The CONSULTANT must obtain a City business license prior to the start of work under this Agreement, unless CONSULTANT is qualified for an exemption.

11. **OTHER LICENSES AND PERMITS**

CONSULTANT warrants that it has all professional, contracting and other permits and licenses required to undertake the work contemplated by this Agreement.

12. **FAMILIARITY WITH WORK**

By executing this Agreement, CONSULTANT warrants that CONSULTANT (a) has thoroughly investigated and considered the scope of services to be performed, (b) has carefully considered how the services should be performed, and (c) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, CONSULTANT warrants that CONSULTANT has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services set forth in this Agreement. Should CONSULTANT discover any latent or unknown conditions that will materially affect the performance of the services set forth in this Agreement, CONSULTANT must immediately inform CITY of that fact and may not proceed except at CONSULTANT’s risk until written instructions are received from CITY.

13. **CARE OF WORK**

CONSULTANT must adopt reasonable methods during the term of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and other components to prevent losses or damages, and will be responsible for all damages, to persons or property, until acceptance of the work by CITY, except those losses or damages as may be caused by CITY's own negligence.

14. **CONSULTANT'S ACCOUNTING RECORDS; OTHER PROJECT RECORDS**

Records of the CONSULTANT's time pertaining to the project, and records of accounts between CITY and the CONSULTANT, will be kept on a generally recognized accounting basis. CONSULTANT will also maintain all other records, including without limitation specifications, drawings, progress reports and the like, relating to the project. All records will be available to CITY during normal working hours. CONSULTANT will maintain these records for three years after final payment.

15. **INDEMNIFICATION**

CONSULTANT will indemnify, defend, and hold harmless CITY, the City Council, each member thereof, present and future, members of boards and commissions, its officers, agents, employees and volunteers from and against any and all liability, expenses, including defense costs and legal fees, and claims for damages whatsoever, including, but not limited to, those arising from breach of contract, bodily injury, death, personal injury, property damage, loss of use, or property loss however the same may be caused and regardless of the responsibility for negligence. The obligation to indemnify, defend and hold harmless includes, but is not limited to, any liability or expense, including defense costs and legal fees, arising from the negligent acts or omissions, or willful misconduct of CONSULTANT, its officers, employees, agents, subcontractors or vendors. It is further agreed, CONSULTANT's obligations to indemnify, defend and hold harmless will apply even in the event of concurrent negligence on the part of CITY, the City Council, each member thereof, present and future, or its officers, agents and employees, except for liability resulting solely from the negligence or willful misconduct of CITY, its officers, employees or agents. Payment by CITY is not a condition precedent to enforcement of this indemnity. In the event of any dispute between CONSULTANT and CITY, as to whether liability arises from the sole negligence of the CITY or its officers, employees, agents, subcontractors or vendors, CONSULTANT will be obligated to pay for CITY's defense until such time as a final judgment has been entered adjudicating the CITY as solely negligent. CONSULTANT will not be entitled in the event of such a determination to any reimbursement of defense costs including but not limited to attorney's fees, expert fees and costs of litigation.

16. **NON-LIABILITY OF CITY OFFICERS AND EMPLOYEES**

No officer or employee of CITY will be personally liable to CONSULTANT, in the event of any default or breach by the CITY or for any amount that may become due to CONSULTANT.

In the event the Risk Manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to CITY, the CONSULTANT agrees that the minimum limits of any insurance policies or performance bonds required by this Agreement may be changed accordingly upon receipt of written notice from the Risk Manager; provided that CONSULTANT will have the right to appeal a determination of increased coverage by the Risk Manager to the City Council of CITY within 10 days of receipt of notice from the Risk Manager.

GREETINGS AND GENERAL REMARKS

April 1, 2010

Mr. Randy Sellers, Risk Manger
City of Torrance
3031 Torrance Blvd.
Torrance, California 90503

Dear Randy:

The 2009-10 plan year has been another successful one as together we have continued to meet the South Coast Air Quality Management District's (AQMD) Rule 2202 Average Vehicle Ridership (AVR) goal of 1.50 reducing over 33 percent of the vehicles coming to the work site; sustained a high city employee participation level of over 500; and maintained an extremely successful vanpool program.

Rule 2202 still remains in effect in the South Coast basin; thus the City of Torrance is still required to comply. In addition, the State has enacted environmental legislation to reduce green house gases. Cities have started developing Climate Action Plans to help the State meet its goals. The reduction of employee commute miles is a major strategy in Climate Actions Plans and the City is already a head of the game by having a successful program in place. The City's well established rideshare program has reduced an estimated 1 million vehicle miles over this last program year alone.

This legislative and regulatory environment continues to be challenging for cities as program costs continue to rise and revenues continue to decline; however, the City of Torrance has always managed to proactively revise and modify programs to meet these challenges within the existing resources - this year will be no exception.

I have enjoyed working with you and being a part of the Human Resources Department. This year, we have accomplished many positive program

modifications continuing securing a new vanpool lease. In addition, we have been able to continue to off-set costs by over \$30,000 for the year due to the Metro subsidy program. I am looking forward to the next year and working with you to continue this success.

The following proposal describes the activities that would be conducted during 2010-11 program year. As usual, I am mindful of municipal belt-tightening, and continue to do whatever I can to support, and not hinder, this effort.

This year's proposal focuses on specific tasks and services and a detailed statement of work with commensurate fees are included.

Thank you for the opportunity to work together over the past year and your consideration for the future. I look forward to working with you again.

Sincerely,

A handwritten signature in black ink that reads "Kim Fuentes". The signature is written in a cursive style with a large initial "K" and "F".

HIGHLIGHTS FROM 2009-10

Achievement highlights realized under my direction over the past year include:

- Continue to achieve the AQMD Average Vehicle Ridership (AVR) target of 1.50. Reducing over 33% of the vehicles coming into the worksite between 6-10 a.m., Monday through Friday.
- Continued successful operation of the City's multi-employer vanpool program operating 11 vans with an average occupancy level of 90%. Also, continue to implement Metro's subsidy program resulting in program cost off-set of over \$30,000.
- Supported and increased transit usage by City employees.
- Continued partnerships with agencies as related to the employee rideshare program including AQMD, the Metropolitan Transportation Authority (Metro), Southern California Associations of Governments (SCAG), South Bay Cities Council of Governments (SBCCOG), and California Air Resources Board (ARB).
- Monitored AQMD and ARB oversight of AB2766 funds to help insure city flexibility in the use of these funds.
- Promoted bicycling as a commute alternative for City employees and work with the City's Community Development Department and Torrance Transit to promote Bike to Work Day.

- Surveyed all employees and obtained approval of the City's 2010-11 Annual Trip Reduction Plan from the AQMD. In addition, successfully completed an AQMD program audit saving the City filing fees of over \$400 and staff labor, which would be required to develop new plan incentives.
- Promoted the benefits of ridesharing to employees emphasizing health and environmental savings.
- Continued to serve as a resource to the local business community by working with local agencies to bring programs and information on trip reduction activities to the South Bay.

Implementation Overview and Tasks Definitions

Overview

This proposal details the services, which will be provided to assist the City of Torrance with the continued implementation of its commuter program. The proposal stresses cost-effective and valuable strategies for managing employee commute to work at various City facilities. It also uses “tried and true” measures that have proven to be both reasonable in terms of cost and successful in terms of employee participation. It is my desire to maintain the City’s superb program, which has become a model for other cities throughout the southern California region as well as the rest of the country.

I will conduct full oversight of the City of Torrance program including providing assistance, management, and implementation. Tasks that will be undertaken to complete the program are as follows:

Task 1.0 Program Review

Commute Environment

Continue to monitor various demographic, topographic, and infrastructure characteristics surrounding the work-site and immediate vicinity which may effect the commute behavior of City employees. City employee preferences and aversions regarding ridesharing will also be assessed ongoing. Information obtained will be used to recommend program modifications as needed.

Budget

Monitor budget and recommend strategies to reduce expenditures and increase revenues. As the program participation continues to grow and existing funding sources decline, there is an increased need to monitor program activities closely and make strategic changes as needed.

Recommendations will be made ongoing to help insure a continued cost effective program.

In addition, where available, outside funding sources related to Transportation Demand Management will be applied for and used to fund existing programs and to cover the costs of new transportation projects and enhancements.

Task 2.0 Employee Transportation Manager Responsibilities

Activities and responsibilities will include the following:

- **MARKETING:** Marketing ideas will be developed for use with all staff levels and the “message” will be given through various mediums that will effectively convey the various program concepts. This task will also include participation in annual events such as the Health and Rideshare Fair, Quarterly Drawings, Rideshare Week, etc. In addition, this task includes promoting all forms of alternative commuting such as bicycling, carpooling, vanpooling, walking, and transit. The marketing program this year will continue a “wellness” component and increased visibility of the Human Resources Department oversight of the Rideshare Program.
- **PROMOTION:** Promoting the City of Torrance’s programs when appropriate through Award nominations, news article writing, and speaking engagements.
- **COORDINATION:** Meeting as needed with Departmental Commuter Coordinators and other clusters of employees to identify commuter needs and present program policies as needed.
- **EMPLOYEE TRIP REDUCTION PLAN:** Overseeing all technical and operational aspects of the currently approved Plan to assure full compliance including assisting in emergency employee transportation needs, ridematching compliance efforts, encouraging employee participation in the City’s rideshare program by way of carpools, vanpools, public transit, walking, or cycling; etc.
- **SPOKESPERSON:** Representing the City of Torrance to the local regulator (AQMD) with respect to the trip reduction plan and use of AB2766 funds. Issues may include survey data, incentives, fund use, program achievements, etc. Also attending meetings with Metro, SCAG, and ARB when topics regarding employee programs, AB2766 funding, or vanpooling are discussed.

- **PLAN DEVELOPMENT:** Surveying the City employees on an annual basis and preparing results for analysis and inclusion in the annual Plan or Update document. Developing annual trip reduction plan and overseeing of AQMD audit.
- **VANPOOL:** Managing the City vanpool operation, coordinating efforts to maintain a maximum occupancy, etc.
- **TORRANCE TRANSPORTATION NETWORK:** Serving as a resource as needed for local businesses regarding AQMD regulatory changes and local agency transportation demand management programs.
- **SUPPORT CITY OF TORRANCE COUNCIL AND DEPARTMENTS:** Serving as a resource for the City Council, City Manager's Department, Human Resources Department, Community Development Department, Fleet Services, and Torrance Transit, regarding transportation demand management as related to the employee trip reduction program. Creating a positive attitude to support the program and continue increasing participation levels.

PROJECT COSTS

Outlined below are the costs for providing a Commuter Program Administrator to provide implementation services for the employee commuter activities and includes all items outlined in Task 1.0 and 2.0. The cost is \$1,260.00 per week.

60-Day Written Notice of Intention to Discontinue Services

It is requested that a written 60-day notice of intention to discontinue services will be provided by either party should either party wish to no longer continue the terms and agreements of any contract based on this proposal. This provision will help protect the City from being in non-compliance with regional requirements regarding the employee trip reduction plan and allows the consultant an opportunity to relocate.

City of Torrance

The Rideshare program has two main components, a vanpool program that includes City of Torrance employees and well as employees from other employers in Torrance, and an award program that provide incentives to employees who use alternate means of transportation in lieu of single occupant motor vehicles.

There are several primary funding sources to pay for the services discussed in the current two Rideshare Council Items, as follows:

AB 2766 Funding	\$170,000
Proposition C Funding	\$154,000
SCAQMD Vanpool Subsidy	\$ 45,200
Vanpool Participant Revenue	<u>\$ 60,000 to \$65,000</u> (varies depending upon vanpool occupancy)
TOTAL	\$434,200

The Rideshare Program is fully funded by non-General Fund Revenues. By having the program we reduce traffic pollution and congestion, provide a benefit to City of Torrance employees as well as employees in other City businesses, at no cost to the General Fund. Without the program the City would be subject to SCAQMD related sanctions.
