Funding

Funding is available in the Street Lighting District Assessment Fund.

BACKGROUND

Since 1977, the City has had Street Lighting District No. 17, a district that paid for costs related to the maintenance and servicing of street lights, safety lights and traffic signals in the City. This district completed its twentieth and final year of collections in the 1996-97 tax year. On November 1996, California voters approved Proposition 218, an initiative designed to give taxpayers the right to approve or reject local governments' tax increases and special assessments on property.

In accordance with the Proposition 218 provisions, the owner of each parcel subject to an assessment had the opportunity to cast a ballot in favor of, or in opposition to, the formation of a new assessment district under the Landscaping and Lighting Act of 1972. The Landscaping and Lighting Act of 1972 authorizes local public agencies to impose assessments on benefited property to fund the installation, construction and

maintenance of landscaping, lighting facilities including traffic signals, street lights and safety lights.

On June 15, 1999, a public hearing approved the formation of a new assessment district under the Landscaping and Lighting Act of 1972 called the City of Torrance Lighting District No. 99-1 (the District) and also approved the initial levy of assessments.

In order to levy assessments to pay for the continued maintenance and servicing of street lights, safety lights, and traffic signals in the City, under the "Landscaping and Lighting Act of 1972", the City of Torrance formed a new City of Torrance Lighting District No. 99-1 (the "District").

On May 23, 2006, the City Council took the following actions:

1. Adopted a RESOLUTION initiating proceedings to levy assessments within the City of Torrance Lighting District No. 99-1 for the Fiscal Year 2006-2007.
2. Adopted a RESOLUTION approving the Fiscal Year 2006-2007 Engineer's Report for the City of Torrance Lighting District No. 99-1; and
3. Adopted a RESOLUTION of Intention to levy assessments within the City of Torrance Lighting District No. 99-1 for fiscal year 2006-2007 which set a public hearing on the assessments for June 20, 2006.

Subsequent to these actions, as required by law, the Resolution of Intention was published in the Daily Breeze on June 4, 2006, which is at least 10 days prior to the date of the public hearing.

ANALYSIS

The total cost of the improvements, including incidental expenses, for fiscal year 2006-2007 is \$2,110,468 which is an increase of \$118,255 from last year's costs of \$1,992,213; however, the rates did not exceed the rates levied with property owner approval in fiscal year 1999-2000.

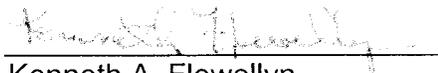

Item	Amount
Gross Cost of Improvements	\$2,032,362
Incidental Expenses	\$ 78,106
<i>Total Cost of Improvements</i>	<i>\$2,110,468</i>
City Contribution	(\$817,445)
<i>Net Assessment</i>	<i>\$1,293,023</i>

The first step for the City Council to take is to hold the public hearing on the proposed levy of assessments within the City of Torrance Lighting District No. 99-1 for fiscal year 2006-2007. Following the conclusion of the public hearing, the second step is to adopt a Resolution ordering improvements, as defined in Section 4 of the Resolution, and confirming a diagram and assessment for fiscal year 2006-2007 pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code and as provided by Article XIII D of the California Constitution.

The City Council of the City of Torrance does hereby find, determine, resolve and order as follows:

Section 1. Pursuant to prior resolutions, the City Council of the City of Torrance initiated proceedings and declared its intention to levy an assessment against lots and parcels of property within the City of Torrance Lighting District No. 99-1 (the "District") pursuant to the provisions of the Landscaping and Lighting Act of 1972 (the "Act"), Part 2 of Division 15 of the California Streets and Highways Code and Article XIII D of the California Constitution for the fiscal year commencing July 1, 2006 and ending June 30, 2007. Pursuant to prior resolutions, the City Council ordered David Taussig & Associates, Inc., to prepare and file a written report (the "Engineer's Report") in accordance with Article 4 of Chapter 1 of the Act and Article XIII D of the California Constitution and approved such Engineer's Report.

Section 2. Following notice duly given in accordance with law, the City Council has held a full and fair public hearing regarding the levy and collection of the proposed assessment within the District for fiscal year 2006-2007 to pay for the costs and expenses of the improvements described in Section 4 hereof. All interested persons were afforded the opportunity to hear and be heard regarding protests and objections to the levy and collection of the proposed assessment. The City Council considered all oral and written statements, protests and communications made or filed by interested persons. All protests and objections to the levy and collection of the proposed assessment against lots or parcels of property within the District for fiscal year 2006-2007 are hereby overruled by the City Council.

Section 3. Based upon its review of the Engineer's Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, and other reports and information, the City Council hereby finds and determines that (i) the land within the District will be specially benefited by the improvements described in Section 4 hereof and in such Engineer's Report, (ii) the district includes all of the lands so benefited, (iii) the net amount to be assessed upon the lands within the District for the 2006-2007 fiscal year in accordance with the Engineer's Report is apportioned by a formula and method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated special benefits to be received by each such lot or

parcel from the improvements, and (iv) only special benefits are assessed and no assessment is imposed on any parcel within exceeds the reasonable cost of the proportional special benefit conferred on that parcel.

Section 4. The City Council hereby orders the proposed improvements to be made as described in the Engineer's Report, which improvements are briefly described as follows: The maintenance and servicing of public lighting facilities, including traffic signals and appurtenant facilities installed in public places in the District.

Section 5. The City Council hereby confirms the diagram and assessment set forth in the Engineer's Report as filed.

Section 6. The assessment is in compliance with the provisions of the Act and Article XIII D of the California Constitution and the City Council has complied with all laws pertaining to the levy of an annual assessment pursuant to the Act and Article XIII D of the California Constitution. Parcels within the District that are owned or used by any county, city, city and county, special district or other local government entity, the State of California, or the United States shall be assessed unless the City demonstrates by clear and convincing evidence that such lots or parcels receive no special benefit from the proposed improvements.

Section 7. The assessment is levied without regard to property valuation.

Section 8. The assessment is levied for the purpose of paying the costs and expenses of the improvements described in Section 4 hereof for fiscal year 2006-2007.

Section 9. The improvements described in Section 4 hereof shall be performed pursuant to law.

Section 10. The County Auditor of Los Angeles County shall enter on the County Assessment Roll opposite each lot or parcel of land the amount of the assessment, and such assessments shall then be collected at the same time and in the same manner as the County taxes are collected. After collection by the County, the net amount of the assessments, after deduction of any compensation due the County for collection, shall be paid to the City Treasurer.

Section 11. The City Treasurer shall deposit all moneys representing assessments collected by the County to the credit of a special fund known as the City of Torrance Street Lighting District Fund No. 99-1.

Section 12. The adoption of this Resolution constitutes the levy of an assessment against the lots and parcels of land in the District for the fiscal year commencing July 1, 2006 and ending June 30, 2007.

Section 13. The City Council declares that the diagram and assessment, as presented to the City Council in the Engineer's Report and on file in the Office of the City Clerk is hereby confirmed as filed. The City Clerk is hereby authorized and directed to file the diagram and assessment, or a certified copy of the diagram and assessment,
